

lookin' good
on your counter
and your bottom line

nemco[®] | FOOD
EQUIPMENT

— FOOD MERCHANDISING EQUIPMENT —

why Nemco? 1, for the money

Unlike any other brand of countertop food merchandisers, Nemco brings an intelligent sense of design together with an outstanding reputation for performance reliability to maximize your return on investment.

Bottom Line, It's About Your Bottom Line

That's why, across the entire Nemco merchandiser category, you'll find:

- Innovation, without over-engineering—making sure your food (rather than the equipment) gets all the attention, while keeping parts maintenance to a minimum
- Commercial-tough, no-days-off construction—for lasting aesthetic appeal and performance
- Outstanding graphic-design options, including customization—to sell your products and your brand

Model 6421

Open-View Merchandisers— Profit Potential That's Easy to See

Leading the way in the Nemco line is the ultimate class act in retail food sales. The Open-View Merchandiser is a selling machine, right on your countertop.

2, for the show

Less Is More

Every nuance of design goes toward achieving a clean, upscale visual finish that allows your food to steal the spotlight. Features include tempered glass panels, “invisible” corner posts, a slim, black-steel frame and amazing backlit graphics.

Even the control panel is unassuming, nesting inside a recessed compartment in the back that can disappear behind a closeable door panel.

More Options. More Ideas.

Choose three stationary slanted shelves, or choose a multitiered, motorized rotating pretzel tree or rack system with an ingenious versatility all its own.

While turning continuously in display mode, the rack automatically stops rotating when the door is opened. Then, the “breakaway” clutch motor allows the rack to be manually rotated in either direction for easy access to the food inside.

Model 6423

Model 6425

kick your ROI into overdrive

Ask about Nemco's custom graphics capabilities that can take your food merchandising to the next level!

“on-the-go” merchandisers big ideas : small footprints

You won't find a more promising opportunity to make money in even the most unforgiving point-of-sale spaces. Nemco's "quick-bite" impulse-sale units are a perfect fit on the smallest c-store counter, or just about anywhere in the giant retail world!

Model 6655

Grab 'n Go Merchandiser

This one-of-a-kind is specially designed with a narrow, vertical frame that, just like a book on a bookshelf, slides right into place on even the most congested checkout counters.

Heated Snack Merchandiser

Square, compact and built tough in every respect, this little sales spark plug can be a surprise power hitter for virtually any retail environment, any daypart.

Model 6457

Model 6475

Countertop Humidified Merchandiser

Keep your warm food favorites moist and fresh—longer—with this smart merchandiser, which integrates a water reservoir to give you manual temperature and humidity control.

shelf merchandisers let's be up front about this

If you thought it just wasn't possible to display hot foods for retail pickup longer than 30 minutes, think Nemco. Breakthrough heating-element design meets proven merchandising style to bring your best sellers to the front of the house.

Shelf Merchandisers

Capitalize on the profit potential of offering hot foods to hungry customers who crave convenience. For the first time, Nemco shelf merchandisers make it possible to display and hold at optimum temperatures for hours—not minutes.

Available in 18-, 24-, 30- and 36-inch shelf sizes to fit all sorts of high-volume venues. Black or stainless steel option available on all units.

Model 6480-18S-B

Model 6480-36S

Model 6301-24

Heat Shelf

Get outstanding hot-foods versatility with these units—robust enough for the kitchen, dynamic enough for pass-through applications and attractive enough for self-serve.

economy merchandisers & display cases practical makes perfect

Stainless steel, tempered glass and contemporary signage come together to build a diverse line of top-notch food merchandisers and display cases that deliver the best in performance longevity and value.

Model 6451

Pizza Merchandisers

Everybody loves pizza, especially when showcased inside these brilliant three- or four-tier units, complete with a water reservoir for longer-lasting food presentation and flavor.

Pretzel Merchandisers

Graphics, lighting and revolving fixtures make the crispy-outside-chewy-inside draw of warm pretzels absolutely undeniable. Great for bagels too!

Model 6440

Popcorn Merchandisers

The world's most popular snack becomes even more irresistible in this contemporary unit that pops evenly, looks great and cleans up with ease.

Model 6453

Model 6403

Model 6460

Heated Display Cases

Your menu of warm, impulse-buy foods is wide open with these solutions that offer plenty of options in shelving, lighting, humidity control and more.

Model 6454

soup merchandisers add a bowl of high-margin goodness

custom
graphics
available!

Ring up add-on sales that are piping hot with these attractive, but very compact, merchandisers. They all feature a unique, no-hot-spot heating-element design, along with classy graphics that, together, provide the most tempting sights and aromas.

Model 6510A-2D4

Soup Station Merchandiser

Let nothing stand in your way of a sale. This all-in-one unit holds up to three soup varieties, with extra room to spare for spoons, bowls, lids and more.

Model 6510A-2D7

Model 6510A-S7

Twin-Well Soup Merchandiser

For whatever the size, type and menu of your operation, choose from 4- or 7-quart twin wells with single or double thermostats.

Single-Well Soup Merchandiser

Short on space? This charming option makes it easy to fit the profit power of soup on any counter.

Triple-Well Soup Merchandiser

Step up your volume and variety with this larger unit that makes it possible to satisfy any appetite on any given day.

Model 6510-T4

think beyond soup!

Every unit is NSF/ANSI Standard 4 certified as rethermalization equipment.
